COVID news for students

Date: 9th of November, 2021

1. Testing: this week on Monday and Wednesday; next week on Monday, Wednesday, Friday.

2. Masks made of fabric are no longer recognized as certified protection against Covid-19. If you don't have a surgical mask, you will be able to get it at the front desk.

3. When showing a PCT certificate you must also show an identity document (ID).

At Friday's session, the Government of the Republic of Slovenia adopted a new Ordinance on temporary measures for prevention and control of infections with the infectious disease COVID-19 (Official Gazette of the Republic of Slovenia, No. 174 of 6 November 2021) https://www.uradni-list.si/_pdf/2021/Ur/u2021174.pdf, which largely summarizes the previously valid measures.

The changes referring to higher education institutions are valid from Monday, November 8, 2021, are as follows:

• to enter the faculty, you need proof of vaccination, negative test or recovery from Covid-19 as well as an identity document;

• in the week from November 8 to 12, 2021, students need to self-test at the faculty TWICE per week:
  - Monday from 8 am to 10 am at P4
  - Wednesday from 8 am to 9 am in P1

• From November 15, 2021, students will need to perform a rapid antigen self-test at the faculty THREE TIMES per week. 15 tests per month per student are obtainable in pharmacies. Testing for students will take place:
  - Monday from 8 am to 10 am at P4
  - Wednesday from 8 am to 9 am at P1
  - Friday from 8 am to 10 am at P2

• A surgical mask or FFP2 type mask is recognized and used as a protective mask; fabric masks are no longer certified for use in closed public places. In case you meet the PCT condition but are denied entry to the faculty due to the wrong mask, you can apply for the mask at the faculty reception.

The study process is still carried out in full at the faculty.

Due to the aggravation of the epidemiological situation, we continue to ask you to:

- in case of receiving a positive test on SARS-CoV-2, you consistently report this to korona@fe.uni-lj.si and also state all your risky contacts;

- in case of a risky contact with a COVID-19 positive person, please inform korona@fe.uni-lj.si (regardless of whether you meet the PC condition);

- in case of feeling unwell, stay at home and contact your personal doctor;
- act responsibly and do not expose yourself to unnecessary contacts (especially without a protective mask).

We will keep you informed on any further changes. In case of additional questions, we are available at studij@fe.uni-lj.si.
