1. Preparing and travelling for my Erasmus in Ljubljana was easy and doable. Coming from my home town, Palma de Mallorca, I had to take a flight to Venice and then a bus directly to Ljubljana. I didn't do almost anything for the preparation, I just packed the required luggage for my stay and did some investigation about the country and the culture.
 2. Accommodation was pretty easy. I'm staying in Rozna Dolina Dorm XIV and I had a lot of information about the whole process before coming here. The price is much cheaper than in Barcelona.
 3. Academics was overall good but in some ways more demanding than what I was used to in Barcelona. That may only be because I come from an Economics background and I was staying at the Faculty of Electrical Engineering. I knew that from before coming and I assumed it.
 4. Every day life was amazing, specially in Rozna. There's a lot of interesting people from all over the world to meet and a lot of things to do in such a small city as Ljubljana.

5. I really enjoyed my staying at Ljubljana and I am definitely looking forward for coming back in the future. I leave a lot of friends behind that are staying here for the whole year and I wish I could stay too.
6. I don't know the exact grade yet because I am still missing one subject. In my other subjects, I have an average grade of 8. I would like to have more practical exercises in some of the subjects. In the majority of the exams I felt like I came to the exercises straight from theory.
