1st Cycle Professional Study Programme in Applied Electrical Engineering

- **Compulsory courses** for each semester include:
  - Compulsory course 1
  - Compulsory course 2
  - Compulsory course 3
  - Compulsory course 4

- **Elective courses** are available in each semester.

- **6th semester:**
  - Work practice
  - Diploma thesis

- **Specialization options:**
  - **Control Systems**
  - **Quality Engineering**
  - **Power Engineering Technology and System Automation**
  - **Information and Communication Technologies**
  - **Electronics**

- *The set of compulsory courses is related to study programme option. The same set of elective courses is available for all study programme option.*
