

IEEE PES Slovenia and CIGRE-CIRED Slovenia invite you to an

INVITED LECTURE

by Nenad Uzelac

Grid Innovators: Empowering Engineers to Revolutionize Energy Transition

The lecture will be held on Monday, **February 19th 2024 at 13:15**
at the Faculty of Electrical Engineering, University of Ljubljana, Lecture room P1.
After the event, there will be some time to network over snacks in the lobby.

Kindly invited!

Nenad Uzelac is the director of Global Research at G&W electric company which head-quarter is near Chicago, USA. Nenad has 25 years of experience in R&D, designing, developing and testing Switchgear and Controlgear. For 20 years he's been part of IEEE Switchgear committee and CIGRE. Currently he is chair of CIGRE A3 technical committee covering T&D Equipment, and a chair of IEEE Switchgear Education, Recognition and Publication subcommittee. He is passionate advocate for Innovation Education and Collaboration in the field of Energy Transition.
